These cruises are optional and available at an extra cost - at the cruise lines Approved Retail Rates

Congratulations! Here is one of the “& The Bahamas” portion of your vacation - an opportunity to add an optional Bahamas Cruise. The value of these cruises is unbelievable and cost about \$150 per person per night (\$200 during high season) (Double occupancy per cabin minimum plus gratuities & fuel surcharges!)

With these Royal Caribbean Cruises you can experience the beautiful ports of Nassau and Royal Caribbean's private island - Coco Cay on a 3 or 4 night Getaway Cruise to the Bahamas. On Cocoa Cay you can absorb everything island life has to offer as you snorkel with the stingrays, parasail above the serene blue waters and walk the endless white sand beaches. It is beautiful and relaxing with water so clear, blue, warm and perfect. Just don't miss the “Wave Runner Excursion” It's a fantastic way to see the surrounding islands. You'll visit two or three other islands, and hear stories about the islands - some of them used to be inhabited, but due to all the drug importing they were closed down, and most of the houses are still intact, but you are not allowed to go on the island. It's kind of scary but fun to take the wave runner across the open ocean to other islands! Also all the food on the island is free, since Royal Caribbean owns the island, it's like eating on the ship! Adding a cruise will truly create tomorrow's memories!

Since your package is all land stays and many people want to add a cruise to their vacation, we show you these cruises as an option to supplement your land vacation. We can book these cruises for you or you can book them yourselves on the cruise lines retail site - either way the cost to you for the cruise will be the same. Also, you are not required to use these cruises or cruise lines. Feel free to search for a better deal and if you can find a better cruise or offer on your own, let us know before you commit to make sure we can coordinate your land accommodations around whatever cruise you select and book yourself.
